ABOUT THE USER GUIDE

Welcome to the SGC Functionality Assessment Tool User Guide, your reference in accomplishing the SGC Online Tool for Elementary Schools and the SGC Validation and Monitoring Sheets for the SDO and RO.

This user guide is thoughtfully designed to help you understand the purpose, structure, and proper use of the assessment tools. It also provides step-by-step guidance in accomplishing, validating, and monitoring SGC data. The guide aims to ensure consistency, accuracy, and compliance in data submission while supporting evidence-based decision-making and the continuous improvement of SGC functionality across all levels.

This user guide is composed of two (2) volumes:

Volume 1: Prepare and Respond (for Elementary Schools)

Volume 2: Validate and Monitor (for Schools Division Office and Regional Office)

Treat this user guide as your partner while accomplishing the SGC Functionality Assessment Tool. It is intended to provide clear instructions, practical tips, and timely reminders to help ensure the accurate, complete, and timely submission of required data and information.

Before using the User Guide, it is best to first familiarize yourself with DepEd Order No. 26, s. 2022, also known as the Implementing Guidelines on the Establishment of the SGC. You may scan the QR codes or visit the provided links to access the information materials on the SGC Policy.

LET'S GET STARTED!

MEANS OF VERIFICATION

The **Means of Verification (MOV)** serve as documentary evidence to support and validate the reported level of functionality of the SGC. These documents provide tangible proof that the required structures, processes, and practices of shared governance are in place and are being implemented effectively.

The submission of MOVs ensures the accuracy, credibility, and transparency of the data encoded in the SGC Functionality Assessment Tool. It also enables the SDO and RO SGC Composite Team to validate submissions, monitor progress, identify gaps, and provide appropriate technical assistance to schools. Ultimately, MOVs support evidence-based decision-making and continuous improvement of SGC implementation.

Refer to the **printable version of the SGC Functionality Assessment Tool** for the checklist of MOVs per indicator and the **MOV templates** available in this link:

tinyurl.com/SGCMOVs 

Please take note that the sample format of the MOVs may be modified and contextualized in accordance with the preferences of the SGCs. It is provided solely as a reference to ensure that all significant elements aligned with the Functionality indicators are duly captured and not overlooked, without affecting the validation process of the MOVs.

HOW TO DETERMINE IF THE MOV IS VALID?

The MOV is Valid if it:

- Clearly pertains to the SGC as mandated in DO 26, s. 2022.
- Follows the prescribed organizational structure under DepEd Order No. 26 s. 2022.
- Is within the required school year/coverage period.
- Shows clear evidence that the SGC spearheaded or participated in the activity.
- Contains complete documentation (signatures, quorum, attendance, photos, resolutions, etc.).
- Is the correct document uploaded for the specific indicator.

WHEN IS THE MOV INVALID?

Below are the common errors and how to determine invalidity:

SGC Name Error

VALID

- The correct name School Governance Council (SGC) is consistently used in documents, resolutions, minutes, and reports.

INVALID

- The organization is labeled as “School Governing Council” instead of School Governance Council.
- The MOV refers to a different organization.

Other School Organizations’ MOVs

VALID

- The document clearly shows that the SGC convened, approved, led, or co-led the activity.

INVALID

- MOVs are from PTA, SSG, or other committees and are presented as SGC evidence.
- The document does not show SGC involvement.

Organizational Structure

VALID

- The structure aligns with the prescribed SGC composition.

INVALID

- The SGC structure does not follow the composition required under DO 26 s. 2022.
- Members or positions are inconsistent with the guidelines.

WHEN IS THE MOV INVALID?

Below are the common errors and how to determine invalidity:

Wrong Designation

VALID

- The School Head is correctly designated.
- Co-Chairpersons and members follow the official structure under DO 26 s. 2022.
- The preparer/author is clearly indicated.

INVALID

- The School Head is labeled as "Chairman."
- The document does not specify who prepared the report.
- SGC designations do not match policy.

Date Outside Coverage

VALID

- The activities was conducted June 17, 2022 onwards.

INVALID

- The activity was conducted in 2018, 2019, 2020, or 2021 (outside the required assessment period).

Insufficient Report/Documentation

VALID

- The report clearly explains:
 - *What was done*
 - *When and where it was done*
 - *Who participated*
 - *What decisions were made*
- Complete minutes and signed attendance.
- Photos or supporting documents are attached.

INVALID

- No clear description of what the SGC did.
- No proof the SGC spearheaded the activity.
- No photos attached (when applicable).
- Minutes of meeting are incomplete.
- No quorum specified.
- No signed attendance sheet attached.

WHEN IS THE MOV INVALID?

Below are the common errors and how to determine invalidity:

Signature Issues

VALID

- All required signatories must sign the document. Electronic signatures may be accepted for all documents except resolutions. Resolutions must be duly approved and signed by the voting members and the School Head using wet signatures.

INVALID

- No signatures.
- Incomplete signatures.
- Resolutions not signed by voting members and School Head.

Wrong MOV uploaded

VALID

- The MOV directly supports the specific indicator being assessed.

INVALID

- The uploaded file does not correspond to the required indicator.
- A completely unrelated document was submitted.

SDO VALIDATION SHEET

The SDO Validation Sheet serves as an official tool used by the SDO SGC Composite Team to verify and validate the accuracy and completeness of data submitted by schools through Google Forms

5

STEPS

IN VALIDATING THE MEANS OF VERIFICATION

ACCESS THE SDO VALIDATION SHEET

POINTS TO REMEMBER

- Obtain the link to the SDO Spreadsheet from your RO SGC Focal person.
- Ensure that you are logged in using the official Gmail account submitted in the SGC Directory, as only these accounts were granted access by the Central Office.
- Go to Sheet labeled: **“SDO Validation Sheet”**
- Spot **Columns J and K** to begin the validation.

PRIMARY SUB-INDIC					
MOV Google Drive Link	Date of Validation Double click the cell to change the date	FIIA I Minimum MOVs Notice of meeting (at least 1 of 4 Regular Meetings)	FIIA I Additional MOVs Notice of meeting (2 to 4 Regular Meetings)	Valid	Invalid

#N/A	10/2/2025	ing (at least 1 of 4 Reg		☐	☐
#N/A	10/3/2025			☐	☐

Column J contains the link to the Drive where the MOVs are stored.

Column K indicates the date when the validation is conducted. The SDO SGC Focal may double-click the cell to update the date, as the default entries reflect the automated 2025 dates.

HOW TO VALIDATE THE MEANS OF VERIFICATION?

- Columns N, **S, X, AC, AH, AM, AR, AW, BB, BG, BL, and BQ** contain the schools' submitted/available MOVs to the **Primary Sub-indicator Minimum MOVs**.
- These 12 MOVs serve as the basis for scoring, and the school's total score will determine whether it is considered functional. A school that obtains a score of 10 or above is classified as functional.

[illegible]

Minimum MOVs under
Primary Sub-indicators.

HOW TO VALIDATE THE MEANS OF VERIFICATION?

- The remaining columns labeled **Additional MOVs under the Primary Sub-indicator**, as well as **Minimum and Additional MOVs under Other Sub-indicators**, must also be validated even if they do not carry corresponding scores. These MOVs reflect the advanced practices implemented by the schools and are essential for comprehensive validation.

HOW TO VALIDATE THE MEANS OF VERIFICATION?

- If the columns contain MOV links but these are invalid, the SDO Focal person must tick the corresponding checkbox under “Invalid” and provide remarks in Column I.
- The SDO Focal person may select from the dropdown list of possible errors, which clearly specifies the corresponding reason for correction.
- *The SDO Focal person may refer to pages 6–9 for guidance on the meaning of the provided terms/errors.*

In cases where the Primary Minimum MOVs are valid, but the Additional MOVs, Other Sub-Indicators' Minimum MOVs, and Additional MOVs are not, **the “Valid” checkbox may still be marked**. However, clearly specify in the Remarks section which MOVs require correction, completion, or resubmission.

This ensures that compliance with the core minimum requirements is acknowledged while providing clear guidance on the necessary improvements to the supporting documents.

DOUBLE CHECK THE STATUS

HOW TO IDENTIFY THE FINAL STATUS OF THE VALIDATED MOVS?

- **Check Columns D, E, F, and H** to ensure that the status reflected matches the number and accuracy of your checkbox markings during validation.

D	E	F	H	I
Initial Score	Invalid	Final Score	Status	Validator's Remark (After indicating the MOVs for correction below, please directly coordinate and assist the school for updating)
12	0	0	UNVALIDATED	
0	0	0	NO EXISTING SGC	
10	1	9	VALIDATOR'S REMARKS REQUIRED	
0	0	0	NO EXISTING SGC	
0	0	0	NO EXISTING SGC	

- **Digits in Column D highlighted in blue** indicate a discrepancy between Column D and the combined total of Columns E and F. Check box marking require careful review and verification.

HOW TO IDENTIFY THE FINAL STATUS OF THE VALIDATED MOVs?

Refer to the following Status/Legends under Column G for proper interpretation:

FUNCTIONAL – If the school has 10 or more valid MOVs.

PARTIALLY FUNCTIONAL – If the school has fewer than 10 valid MOVs.

DATA UNSUPPORTED – If the school has accomplished the form but has not submitted any MOVs or has submitted MOVs that are all invalid. In such cases, there is no valid data to support the establishment of the SGC.

No Existing SGC – If the school has not yet accomplished the SGC Functionality Assessment Tool (Online Form).

UNVALIDATED – If the SDO has not yet validated the MOVs submitted by the school.

INCOMPLETE VALIDATION – If only some MOVs have been validated and the validation process is not yet complete.

MULTIPLE SUBMISSIONS DETECTED – If the school submitted or accomplished the SGC Form more than once.

MARKING ERROR – If the SDO marked both “Valid” and “Invalid” checkboxes for a single MOV link.

VALIDATOR’S REMARKS REQUIRED – If there are invalid MOVs or no MOVs submitted for any of the indicators, and the required remarks in Column H were not provided.

4 REACH THE SCHOOL AND PROVIDE TECHNICAL ASSISTANCE

If a school has invalid MOVs that need to be corrected before the deadline, the SDOSGC Focal person shall provide the necessary Technical Assistance to guide the school on how to update or revise their submission.

*For instructions on how to update or change the initial submission, please refer to **page 20-23**.*

REVISE THE VALIDATION STATUS

Once the school has notified you of the new uploaded MOVs, please revalidate the new MOVs and update the initial validation input in the validation tool accordingly.

5 STEPS

IN UPDATING THE SUBMITTED MOVs

(TA GUIDE FOR ELEMENTARY
SCHOOLS)

Kindly take note that these steps shall only be followed by schools if the SDO SGC Focal person allows the updating of MOVs. The SDO SGC Focal Person have the discretion to determine whether schools will be permitted to update their submitted MOVs.

1

LIST DOWN THE MOVS THAT NEED TO BE CORRECTED

Carefully identify and enumerate the specific indicators and corresponding MOVs that require correction, as advised by the SDO SGC Focal person.

LOG IN TO YOUR GOOGLE ACCOUNT AND GO BACK TO THE SGC MOVS (2026 ROLL- OUT) GOOGLE DRIVE FOLDER

2

Kindly return to the folders where the MOVs are uploaded and review the files accordingly. Please refer to the User Guide, Volume 1, for detailed instructions on accessing the Google Drive.

3 OPEN THE MOV FOLDER, DELETE THE INITIAL MOV DOCUMENT.

Access the folder of the concerned indicator whose MOVs require updating. Identify the file to be deleted, click the three vertical dots (More Options) located on the right side of the file name, and select **'Move to the Bin'** to delete the MOV.

4

UPLOAD THE CORRECTED MOV.

Upload the corrected file by dragging and dropping it into its corresponding indicator folder.

NOTIFY THE SDO THAT THE CORRECTED MOV HAS BEEN UPLOADED

5

After uploading the corrected MOV, please notify the SDO SGC Focal person and request them to revalidate the updated MOVs.

SDO MONITORING SHEET

The **SDO Monitoring Sheet** is the official tool used by the SDO Composite Team to monitor SGC submission and validation status, including submission rates, number of responding and non-responding schools, functional and not yet functional SGCs, and validation concerns such as unvalidated schools, incomplete validations, multiple submissions, marking errors, and cases requiring validators' remarks.

HOW TO USE THE SDO MONITORING SHEET?

- **Right next to the Validation Sheet is the SDO Monitoring Sheet**, which contains the following data: Submission Rate, No. of Schools Responded, No. of Schools with No Existing SGC, No. of Functional SGCs, No. of Partially Functional, No. of Unvalidated Schools, No. of Incomplete Validation, No. of Multiple Submissions, No. of Marking Errors and No. of Validators' Remarks Needed.

25	96%	24	1	0		
No. of Secondary School	Functionality Rate	No. of Functional SGCs	No. of Partially Functional SGCs	No. of Schools with No Existing SGC		

HOW TO USE THE SDO MONITORING SHEET?

- **Row 7 requires the data for Secondary Schools.** It is recommended that we also secure the updated number of Functional SGCs to ensure accuracy and alignment with the latest validation results.
- Please note that **Rows 1–5 are set to view-only access**, which means the RO cannot edit or modify any data in these rows. **Only Row 7 is editable.**

1	SDO ###	33%	4	0	1	1	0
2		Submission Rate	No. of Schools Responded	No. of Schools with No Existing SGC	No. of Functional SGCs	No. of Partially Functional	No. of Data Unsupported

7	25	96%	24	1	0		
8	No. of Secondary School	Functionality Rate	No. of Functional SGCs	No. of Partially Functional SGCs	No. of Schools with No Existing SGC		

- Once all schools have been validated and the results are finalized, **the SDO SGC Focal person shall submit a certification to the RO via email for confirmation and official recording.** The certification template may be accessed through the link provided in the monitoring sheet.

1	SDO ###	33%	4	0	1	1	0
2		Submission Rate	No. of Schools Responded	No. of Schools with No Existing SGC	No. of Functional SGCs	No. of Partially Functional	No. of Data Unsupported

The Link for SDO Certification Template Link is tinyurl.com/SDOCert26

The RO SGC Composite Team has access to both the SDO Validation and Monitoring Sheet and is authorized to conduct spot checks; however, they are not permitted to make changes to the validation status. If any discrepancies or issues are observed, the RO must inform the SDO SGC Focal person for appropriate action.

RO MONITORING SHEET

The RO Monitoring Sheet is the official tool used by the RO Composite Team to track and monitor the status of SGCs per division, including the number of schools that have responded and those not yet responded, functional and not yet functional SGCs, unvalidated schools, incomplete validations, multiple submissions, marking errors, and cases requiring validators' remarks.

HOW TO USE THE RO MONITORING SHEET?

- The RO SGC Composite Team is responsible to Monitor the Functionality and Response Rate of the schools for each SDO. Thus, the Monitoring Sheet contains the following details from each SDO:
 - Submission Rate
 - No. of Schools with No Existing SGC
 - No. of Schools Not Yet Responded
 - No. of Functional SGCs
 - No. of Partially Functional
 - No. of Data Unsupported
 - No. of Unvalidated Schools
 - No. of Incomplete Validation
 - No. of Multiple Submissions
 - No. of Marking Errors
 - No. of Validators' Remarks Needed

HOW TO USE THE RO MONITORING SHEET?

- Row 20–31 shows the data for Secondary Schools for each SDO. It is recommended that we also secure the updated number of Functional SGCs to ensure accuracy and alignment with the latest validation results.
- Please note that the sheet is set to view-only access, which means the RO SGC Composite Team cannot edit or modify any data in this sheet.
- Once all school results are finalized, the RO SGC Focal person shall submit a certification to the Central Office via Google Form for confirmation and official recording. The certification template and Google Form link can be accessed through the link provided in the monitoring sheet.

RO Certification Template Link: tinyurl.com/ROCert26
Submission Link: tinyurl.com/ROCertSubmit

The link for the RO Certification Template is tinyurl.com/ROCert26, while the link for the Google Form for submission is tinyurl.com/ROCertSubmit

RO MULTIPLE SUBMISSION DELETION LOG

The Multiple Submission Deletion Log serves as a reference for the RO Focal to track which schools with multiple submissions have been deleted; the RO must mark the corresponding checkbox for each school whose duplicate submissions have been removed and enter the date of deletion in Row 5 to indicate when the action was conducted.

HOW TO DELETE MULTIPLE SUBMISSIONS?

- **The RO SGC Focal person shall be given access to the backend sheet** of the Google Form to delete entries of schools with multiple submissions.
- **Note the School ID and School Name** of the school to be deleted, based on the SDO report.
- Prior to any deletion, **the RO must inform the SDO SGC Focal person of the specific schools to be removed and obtain their acknowledgment before proceeding.**
- **Go to Column F** (School ID and School Name) in the backend sheet.
- **Locate the school entry that matches the noted School ID and Name.** You may use the shortcut Ctrl+F to quickly find the school with multiple submissions.

- Highlight the entire row where the school is listed and verify that the entries are not using the school’s official DepEd Gmail account. Then, delete the identified entries by right-clicking and selecting **“Clear Rows #-#”** (e.g., **Clear Rows 3-4**).
- Ensure that no duplicate entries associated with non-school official DepEd email accounts remain.

HOW TO DELETE MULTIPLE SUBMISSIONS?

- The RO SGC Focal person shall notify the SDO SGC Focal person once the school entry has been deleted to ensure an updated record of all removed submissions is maintained.
- Advise the SDO SGC Focal person to inform the school that their submission has been deleted and that they need to resubmit using a new email account, ensuring this notification is done only once.

HOW TO USE THE RO MULTIPLE SUBMISSION DELETION LOG?

- The Multiple Submission Deletion Log serves as a reference for the RO Focal to track which schools with multiple submissions have been deleted.
- **The RO SGC Focal person must mark the corresponding checkbox** for each school whose duplicate submissions have been removed and **enter the date of deletion in Row 5** to indicate when the action was conducted.
