

SGC SmartTrack Workflow Diagram

End-to-end process: School submission - Platform processing - Division validation - Monitoring & alerts

Governance levels served

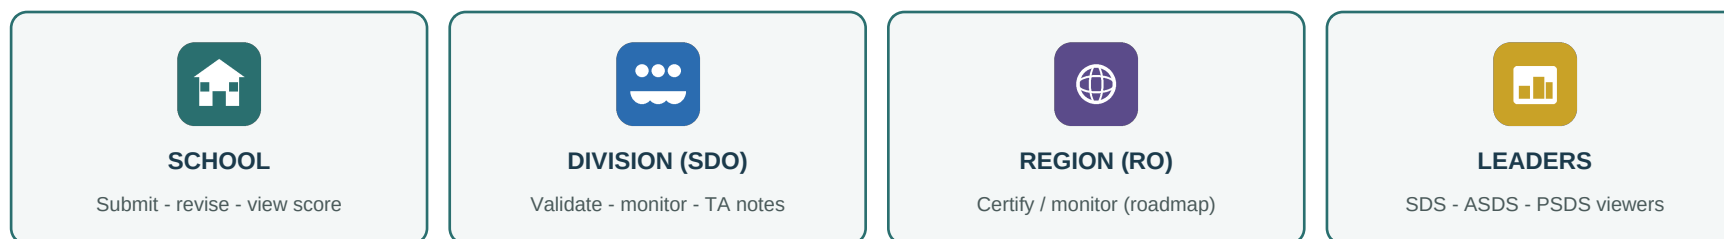

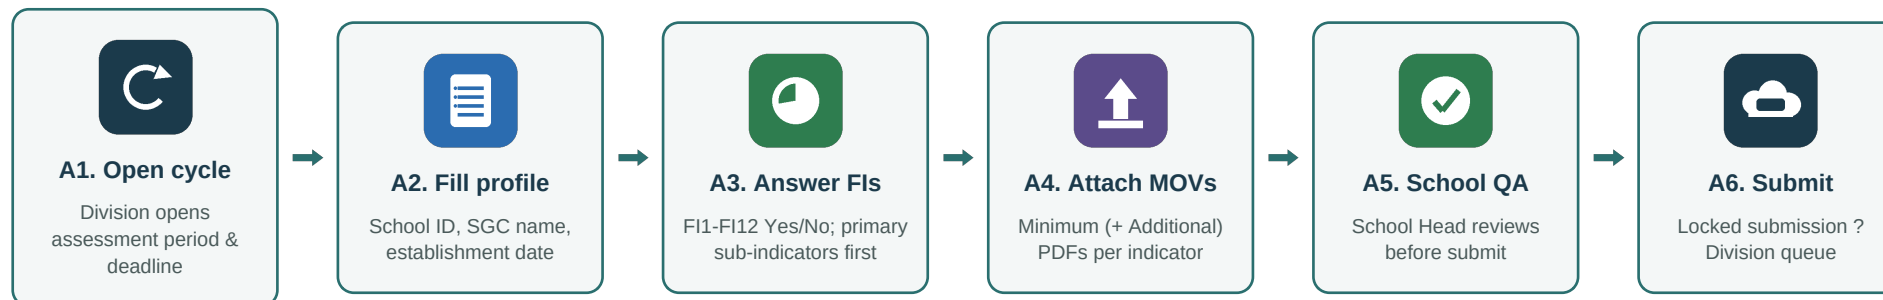

Figure A - School Submission Workflow

Aligned with SGC User Guide Vol. 1 (Prepare & Respond) - digitized inside SmartTrack

Status lifecycle (school view)

If Primary Sub-Indicator = NO ? Other Sub-Indicators are skipped (DepEd rule). Functional SGC = at least 10 of 12 indicators met with Minimum MOVs.

Figure B - Auto-scoring logic

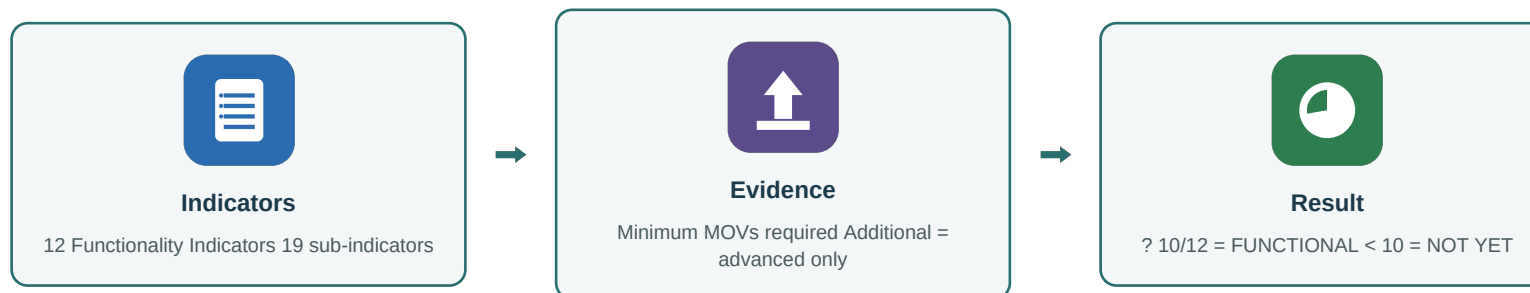

Figure C - Division Validation & Monitoring

Aligned with SGC User Guide Vol. 2 (Validate & Monitor) - SDO Composite Team desk

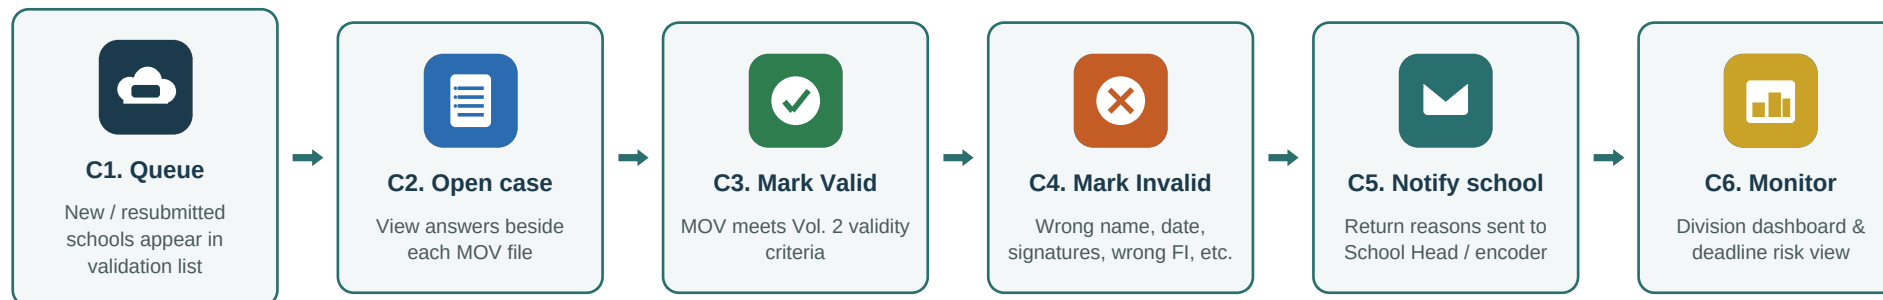

Figure D - When is an MOV valid? (quick reference)

VALID	INVALID (common)
- Correctly named School Governance Council - Structure follows DO 26, s. 2022 - Within coverage (SY 2022-2023 onward) - Clear SGC leadership / participation - Complete docs (signatures, quorum, attendance) - Correct document for the indicator	- -School Governing Council- / wrong org (PTA, SSG) - School Head labeled as -Chairman- incorrectly - Activity dated before required period - Incomplete minutes / no quorum / no signatures - Resolutions without wet signatures where required - Wrong MOV uploaded for the FI

Figure E - Notification & Deadline Alerts

School Head and designated teacher/admin are notified by email based on submission date

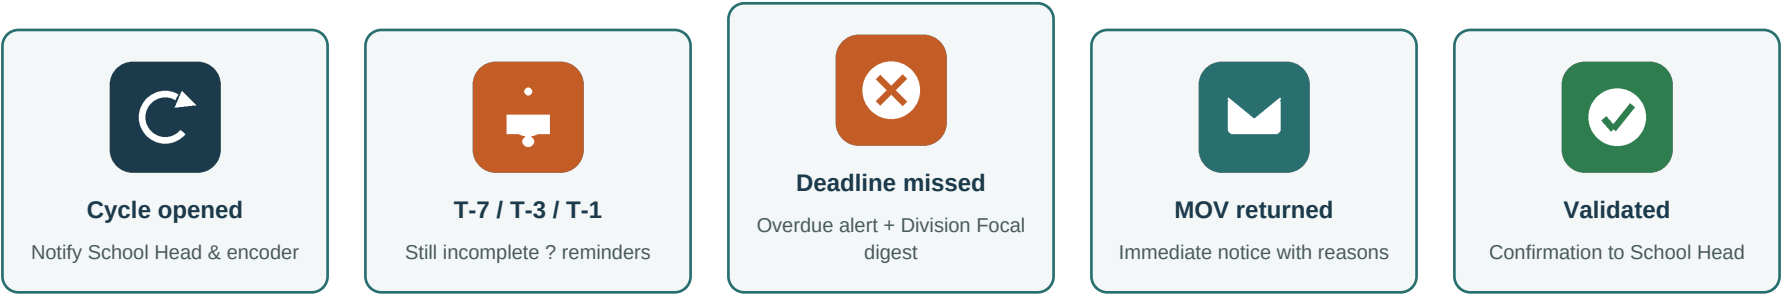

Figure F - Who does what (swimlane summary)

School Head / Encoder	Encode FIs, upload MOVs, submit, revise if returned	Complete submission package
Teacher / Admin (notifyee)	Receives deadline & non-compliance emails	Awareness / follow-through
SDO Focal / Composite Team	Validate MOVs, return/accept, monitor dashboard	Validated scores & TA notes
SDS / ASDS / PSDS	View diagnostic dashboard (read-only)	Oversight decisions
Developer (Romer Necesario)	Build, host, domain, support during warranty	Live platform under agreed package

Package context: Development + domain + Year-1 hosting - PHP 50,000 (Romer Necesario ? Jovel J. Oberio)
